To the Electors of Vancouver Island District.
GENTLEMEN:—In response to the solicitation of a number of prominent gentlemen residing in the different settlements of your Electoral District to offer myself as a candidate to represent your interests in the House of Commons, I have, after mature consideration, consented to do so, and have now the honor to solicit your suffrages at the approaching election.
The measures that a member of the House of Commons may be called on to deal with being different from those of a member of the local legislature, being in their nature more national, it is doubtless expected that I as a candidate should advert to at least some of them that more directly concern your interests. I will say, then, that having been one of the earliest advocates of a Canadian Transcontinental Railway, I shall, if elected, consider it to be my paramount duty in view of making it a grand national success, to insist that the Terminus shall be at Esquimalt, and that the line shall traverse the entire outer Eastern Coast of the Island from Johnson Straits.
Under the Terms of Union with the Dominion, it is the province of the local legislature, and not of the Dominion Parliament, to decide as to the kind of tariff that the people of British Columbia deem to be best suited to their varied industrial interests, during the next ten years. Should, however, the question come before the Dominion Parliament, I shall endeavor to have the tariff so framed as to meet with the concurrence of the agricultural, mining, and commercial interests of your district.
As the Dominion now possesses exclusively the right to manage our postal and telegraphic affairs, I shall endeavor to secure to the Eastern Coast a bi-weekly mail steamer of a superior class to the one now plying on the coast,—and also better mail facilities in each settlement; and as I deem it to be of great importance commercially to have the most rapid means of transmitting intelligence between Nanaimo and Victoria, I shall urge on the Federal Government the importance of the early construction of a telegraph line to connect the two principal towns in the Province.
The increasing importance of the commerce of the Gulf of Georgia renders it necessary to have more Lighthouses. I shall therefore make the most strenuous exertions to induce the Federal Government to build a lighthouse at Nanaimo at once, and to erect others elsewhere, as soon as possible, to insure greater safety and certainty in navigating the Gulf.
With respect to the Indians, I will urge that they be settled on Reservations, under the superintendence of Government Agents, where they may, with the assistance of the Government, be taught the arts of civilization, and thus have their social, moral, and religious conditions rapidly improved.
The question of the early construction of a Marine Hospital at Nanaimo, I deem to be deserving of serious consideration.
The Geological Survey now begun will doubtless be of great practical advantage to the country,—and anything that I may be able to do to insure the geological exploration of the vast mineral wealth of your district shall not escape my attention.
The fisheries along our coasts promise to become very valuable, and as the Dominion Government has agreed to extend protection and encouragement to that valuable and important branch of industry, I will endeavor to secure for your district its full share of any aid that may be appropriated for that purpose.
Not being able at this time to explain my views at greater length, I will take an early opportunity to meet you personally and collectively in the different settlements, when I may bring under your notice other questions of a Provincial and Dominional character.
In conclusion, Gentlemen, if you should do me the honor to return me to the House of Commons as your representative, I pledge myself to faithfully serve your interests to the best of my ability.
I have the honor to be, Gentlemen,
your obedient servant.
ROBERT WALLACE.

To the Electors of Yale-Lytton and Kootenay District.
GENTLEMEN:—In compliance with the request of a number of the electors of the above district, I have much pleasure in offering myself as a candidate for the honor of representing you in the House of Commons at Ottawa.
Your interests being so closely identified with my own affairs you the surest guarantee that they will at all times receive my best attention and support: but as it is quite out of my way at present what matters may come before the House at Ottawa this session, I shall confine my remarks to a few leading subjects, which I consider most pressing to the welfare of the Province, and especially that portion of it I wish to represent.
I shall endeavor to procure a regular and efficient Mail service throughout the populous portions of the district.
I shall support any measures brought forward by the Local House for the establishment of a Liberal school system throughout the Province and the appropriation of the necessary funds from the general revenue.
I am in favor of the appointment of County Court Judges in this Province.
I am opposed to the Civil List Act in its present form and should it become matter for legislation at Ottawa I shall advocate its repeal or amendment.
I shall give my support to the Dominion Government so long as it continues safely and honorably to carry out the terms of Union, especially with regard to the construction of the Canadian Pacific Railway.
In conclusion I promise that should you do me the honor of entrusting me with your interests, I shall at all times endeavor to prove myself worthy of your confidence.
I have the honor to be, Gentlemen
your obedient servant

VANCOUVER ISLAND DISTRICT.
To the Electors of Cooke, Lake, Saanich, Cowichan, Salt Spring, Nanaimo and Comox.
GENTLEMEN:—While travelling through your district in July last, I was the recipient of much good encouragement to offer myself as a Candidate for the Parliament of this Dominion of which this Province now so happily forms a part.
In soliciting your support at the forthcoming election it becomes my duty to express my views on Dominion politics, having a direct bearing upon the interests of British Columbia, which I shall do as briefly as possible.
I shall be a staunch supporter of the present Government of Canada so long as that Government shall administer the affairs of this Dominion in general, and of this Province in particular, in a satisfactory manner.
Knowing the feasibility of the Canadian Pacific Railroad from personal observation along the greater part of the probable line of route, and having advocated such an enterprise in my *Overland Journal*, published in Ontario, as well as on this coast for the past twelve years, I shall endeavor, by every means in my power, to bring that grand undertaking to a successful termination at Esquimalt or some other harbor on Vancouver Island.
I may here say that I am not in favor of introducing Coolie labor either on the Railroad or other public works and will strenuously resist any attempt in that direction.
Should the Tariff problem not be solved by the Local Legislature; but a modification of the Canadian Tariff, in so far as agricultural products is concerned, recommended, I shall make every possible effort to secure its adoption by the Federal Parliament.
I am fully of the opinion that the Federal Government will place mail communication on a thoroughly efficient footing from Soake to Comox long before the re-opening of Parliament, should this, however, not be the case I shall, if elected your representative, see to it, that every settlement is duly cared for in this important particular.
The subject of Immigration is one of great moment and shall always have my most earnest support both in the House and elsewhere—with increased demand for agricultural produce, farm laborers will be required in every settlement. These will soon locate on unoccupied lands, together with men of small capital and in their turn become producers. Their places will then have to be filled by others so that a steady stream of immigrants from the Eastern Provinces particularly, would be the greatest possible boon to this portion of the Dominion.
The early commencement and completion of a Dry Dock at some Island port, and I think Nanaimo has a strong claim upon such a work shall not be overlooked.
I shall advocate Vote by Ballot at Municipal, Local and Federal elections till that great reform becomes the law of the land.
Telegraphy, Lighthouses, Harbor Improvements, Hospitals, Asylums, Penitentiaries, Fisheries, Geological and other surveys, together with the Indian question and other subjects that will be continually presenting themselves, shall have my constant consideration and advocacy wherever conducive to the material prosperity of the Province in general and my constituents in particular.
I rest my claims upon your support gentlemen on my long residence in the East in Provinces and on this coast; my intimate knowledge from actual travel of the wants of every agricultural and nearly all the mining districts of the province—my unswerving support of Confederation and the Railroad since '50, and my having no special connection with any particular interests, commercial, agricultural or mining, I am enabled thus to look upon them all from an independent and impartial stand point, and in advocating their best interest to assist in raising this province of almost illimitable resources to the proper elevation it will soon attain as the Western outlet of the Great Dominion.
I have the honor to be gentlemen

THE UNK WEED
REMEDY,
—OR—
OREGON
RHEUMATIC CURE.
HISTORY.
This Remedy is composed of the active principle of the Unk Weed, Eng.—Thaspium Cordatum Originis; Lat.—Indigenous to Oregon. Grows most abundantly and perfectly in Washington Co.
PROPERTIES, Etc.
It contains an ACTIVE VOLATILE Principle, extracted by Ether, and a bitter TONIC Principle, soluble in Alcohol.
Medical Properties and Uses.
It is the most sure and speedy cure for *Rheumatism, Rheumatic Gout and Rheumatic Pains* of all kinds that was ever introduced in the Materia Medica. THE UNK WEED REMEDY, as prepared by us, in consequence of the uniting latter principle, possesses the necessary virtue of being a
POWERFUL TONIC,
Promoting the Appetite and Invigorating the whole Digestive Apparatus, thus Building up and Strengthening the system, while at the same time the volatile principle, being absorbed in the blood, acts specifically on the Rheumatic Poison, removing it from the circulation and system.
There are a few remedies known to the Medical Profession which will remove the Rheumatic Poison from the blood, but whose action is so powerful in depressing the system of the already enfeebled Rheumatic patient, that their use has to be abandoned before specific effects are obtainable, hence the want of success in treating this prevalent, and in consequence heretofore incurable disease. Unlike these Medicines, already known, the
UNK WEED REMEDY,
though producing as powerful and as active effects on the blood and system in removing the Rheumatic Poison, also possesses a strong Tonic and recuperating element which admits of its continued use even by the most Delicate and debilitated. Thus we have the combination for the first time of these Two Necessary Elements in one remedy, which accounts for its Superior and never-failing curative effects in
Rheumatism, Rheumatic Gout, and Rheumatic Pains of all kinds.

Ministerial Utterances.

Our New Ministry but two weeks old has been heard from on several occasions. We had first the semi-official announcement of the intentions of the Premier. Secondly comes the McCreight letter. Next was the ease-him-down and pass-him-along meeting of the Premier's Election Committee. Then Mr. Provincial Secretary "oped his lips" at Esquimalt; but the only genuine out-burst of ministerial eloquence was at the re-election of the Hon. Chief Commissioner at New Westminster. No matter what the consequences may be, we feel delighted. Of course not with the New Ministry, but with the progress our country has made. Heretofore both press and people might have hammered away from Dominion Day to Eternity before the irresponsibles would have deigned to express the slighest interest in what galled them to the quick—public opinion. Now, however, Attorney Generals, Provincial Secretaries, and Chief Commissioners, show the greatest anxiety to soothe the ruffled temper of their constituents, and particularly to keep in with and mould public opinion. It is a great victory for the people, although the Ministry are no doubt doing penence for undertaking to govern like their predecessors without the sanction of the people. We have already commented on Ministerial utterances prior to the re-elections, and may again. But on this occasion, we will pay our special respects to the Provincial Secretary and Chief Commissioner who have just been re-elected by acclamation. The report of Mr. Robertson's speech leaves one to infer that he was indeed a happy man. Twice honored by election; still more by being a Minister with $4,000 a year and practice, in the first Responsible Ministry; and especially by holding office "under" a gentleman "who had spent the flower of of his life in a Colony where Responsible Government prevailed"; but who, not a year ago, denounced that form of Government as dangerous. How well it must set up the nervous system and promote digestion to be the recipient of such unlooked-for distinction! Even the attacks made on the Ministry were good-natured and harmless, says the Provincial Secretary, and not worthy of a moment's consideration,—although strange as it may appear—paradoxical as it may seem to an obtuse public—the Premier noticed the attacks first semi-officially, then in a public letter, and lastly, by a committee meeting. Well of course the Premier was not the least disturbed—of course not; but the public were,—and had to be soothed. "The Ministry consisted of men with whom the possession of office was not an existence." Of course not, for there was private practice besides office. We really admire the Provincial Secretary. No doubt he means right; but his re-election speech just failed in one essential element, and that was in not stating what the Ministerial policy was,—what the Ministry intended to do for the country. We are consequently left, so far as he is concerned to grope in the dark for Government measures. But not so, the Nestor of the Cabinet,—the Chief Commissioner. He like a statesman has laid bare the Governmental policy. There is to be a trail made from New Westminster to Semiahmoo,—a Land shop opened in the Old Capital,—vote by ballot to be favored,—the Registration Act altered, and New Westminster district surveyed. No, no! We made a mistake. These are not the utterances of the Ministry, but are merely those of the Chief Commissioner who, according to Mr. McCreight, will only be in the Land Office temporarily. Well that is too bad, indeed; for the Hon. Henry said on the hustings: "He could not yet mention any measures coming before the Council!!" That settles the matter conclusively,—he only promised the trail, ballot, and Land shop on his own account. We have, however, one utterance from the frank and genial Chief Commissioner. He said: "The Premier would act fairly, and give three Ministers to the Island and two to the Mainland," and on this basis, "he had accepted office willingly." There is a bid, indeed, for Island support from the most magnanimous member from the Mainland! Of course some Island member will be secured, and led captive into the Cabinet. But "the opposition at Victoria," says the Hon. Chief Commissioner, "tends to retard the work of the Ministry and the progress of the country? Pray how is that? Did not the Provincial Secretary say on Monday, at Esquimalt, that the "attacks on the Ministry were not worth a moment's consideration"? Truly we are at a loss to interpret these apparently paradoxical utterances of these two distinguished Ministers. Possibly the Premier may easily make his own actions and the utterances of his colleagues agree; but the fact is, we cannot. But the most startling part of the matter is the utterance of Mr. Armstrong, M. P. P. for New Westminster, in nominating Mr. Holbrook. What a rumpus there will be in the Cabinet! Mr. Armstrong threatens to oppose the Ministry, if the Hon. Henry should be removed from the Chief Commissionership. Now who will win, the Attorney General or Mr. Armstrong? The Premier has stated that Mr. Holbrook would be removed after the Cariboo elections were over. Now, let us see whether he will keep his word or not; and if he does, whether Mr. Armstrong will keep his word or will submit. "There's a bone to pick" sure enough, but there is not a doubt, but the Nestor of the Cabinet will win. The Ancient Capital will never keep warming-pans for Cariboo members. So the game is up. Before passing into oblivion the Ministerial utterances of the Chief Commissioner, we have to note one of his statements. He said that "the attacks of the Victoria press were caused by the surprise that anyone would be appointed from the Mainland." We can assure the distinguished gentleman that we would have been surprised, if a Ministry had been formed without Mainlanders; but we were indeed astonished that a chivalrous gentleman like the Hon. Mr. Holbrook could agree to become a warming-pan for the McCreight Ministry.

English County Court Imprisonments.—Among important legal questions looming in the future the question of the power of imprisonment by Country Court judges will probably, the *Globe* thinks, be re-discussed. While imprisonment for debt is virtually abolished in the case of large sums, imprisonment for debt is substantially the rule in cases of small amount. Technically the punishment of imprisonment is ordered, not on account of the debt, but for contempt of the judge's order to pay the debt. Obviously, however, the distinction is merely technical. In effect, however, no amount of imprisonment ordered by a judge diminshes the debt; but, on the contrary, each committed augments the amount of the costs. There was lately a case in Devonshire of a labourer, in which a debt of six pounds was swollen to eighteen pounds, on account of several committals for non-payment. In such a case, when the committal happens to the father and bread-winner of a family, the cost of his maintenance in prison is thrown upon the country, and the support of his wife and children is thrown upon the parish. It seems hard that no amount of penalty should be a set-off against the original debt; and, comparing County Court rules with the legislation of recent years in favour of the doctor, it almost seems that in such matters there is one law for the rich and another for the poor.

Esquimalt Graving Dock.

THE GOVERNMENT OF BRITISH Columbia invite tenders to be sent in to the Lands and Works Office, Victoria, up to noon of the 20th day of March, 1872, for the construction of a Graving Dock at Esquimalt, British Columbia, under the guarantee provided in the twelfth section of the Terms of Union of this Province with the Dominion of Canada, which section is in the following words:

"The Dominion Government shall guarantee the interest for ten years from the date of the completion of the works at the rate of five per cent per annum on such sums not exceeding £100,000 sterling, as may be required for the construction of a first class Graving Dock at Esquimalt."

The Dock is to be of a clear length of not less than 450 feet, a clear breadth of 90 feet at top and 50 at bottom, and affording a depth of water, at ordinary high tide, of not less than 24 f. et on the sill, and to be substantially built upon a site to be selected and provided by the party or parties tendering, subject to the approval of the Government. Parties tendering are required to specify the time within which they propose to complete the Dock.

Tenders are to be sealed, superscribed "Tenders for Esquimalt Graving Dock," and addressed to the Chief Commissioner of Lands and Works, Victoria, British Columbia, and accompanied by plans and drawings, shewing the exact dimensions of the Dock proposed to be built, the mode of construction and materials to be used therein.

Parties desirous of tendering, but who may decline to do so under the guarantee above named as insufficient, are invited to tender on the basis of such supplemental guarantee by the Provincial Government or other financial inducement as they may suggest.

New Westminster Election News.

The nomination for a member to represent New Westminster and District in the Canadian House of Commons took place in front of the Court House on Tuesday. Mr. E. Brown nominated Mr. Hugh Nelson, Mr. W. Fisher seconded. Mr. W. D. Ferris proposed Mr. J. T. Scott in an able speech. The candidates then addressed the electors at some length, and answered several questions put to them. The show of hands being in favor of Mr. H. Nelson, a poll was demanded on the part of Mr. J. T. Scott, upon which the Returning Officer announced that the election would take place on 7th December next. Three cheers were given for the Returning Officer and the candidates.

THE CHIEF COMMISSIONER RE-ELECTED.

On Monday last, the Hon. the Chief Commissioner *pro tem.* was re-elected by acclamation to represent the district of New Westminster City in the Local Parliament. Mr. W. J. Armstrong nominated, saying—retain Mr. Holbrook in his present position, and he would pledge his support and hearty co-operation. Mr. Armstrong favored the Ministry,—and a compliment was paid New Westminster in the appointment of Mr. Holbrook; New Westminster was entitled to "one of the loaves." Mr. C. Lee seconded the nomination, endorsing Mr. Armstrong.

Mr. Holbrook in response said (we quote from the *Guardian*):—"He was greatly obliged for the second nomination. The Premier had conferred a great honor upon the city by placing their member in the position he now occupied. He had accepted the appointment willingly, and deemed the same a pledge of good faith with the Mainland from the Ministry. Pending the elections at Cariboo, it was necessary the Ministry should be appointed at once, as there were many bills to be carefully prepared and much work to be done before the House met. He regretted that there should be any feeling of opposition between the Mainland and Island. Victoria probably thought that entirely Island members would have been appointed, but he considered the Premier would act fairly in giving three to the Island and two to the Mainland. In some eloquent remarks he called upon the whole of the Province to sustain the present Ministry. Let them have a fair trial; see their measures and guage them by their acts. The opposition in Victoria tends to retard the work of the Ministry and the prosperity of the country. The whole Province should unite for progress. Our own district, now so rapidly settling up, he considered as a proof of what we can do by unity, and he was proud to have the member for the district nominating him. All jealousy between the Mainland and Island the present Ministry will attempt to break down. He could not yet mention any measures coming before the Council. He had perfect confidence in the Premier. Any errors that were made the House would be able to correct. His appointment, he was sorry to say, had been attacked in a most uncalled for manner by the Victoria Press. Of course they were surprised that anyone should be appointed from the Mainland; but he was glad to say these attacks were subsiding. The Ministry had at present the support of the community at large. Mr. McCreight had a meeting, the other day, of his committee—some of the principal merchants in Victoria; he placed himself in their hands, and the answer he received was, "Go, do what you can for the good of the Province, we have full confidence in you and the Ministry that you will do for the best." The Mainland would, to a man, oppose an entirely Island Ministry; there would be at once two factions formed. He considered two from the Mainland and three from the Island fair. [Dissent.] He would oppose all sectionalism or centralization, but, for the good of the whole country."

Mr. Holbrook then in reply to several questions, said the Land Law should be altered; would favor alteration of Election Registering Act; would favor the Ballot; a Land Office for New Westminster District; the trail to Semiahmoo.

No other candidate being proposed, Mr. Chudet declared Mr. Holbrook duly elected.

The Returning Officer proposed three cheers for Mr. Holbrook; Mr. Holbrook proposed three for the Queen; Mr Scott proposed three for the Returning Officer; and Mr. W. J. Armstrong proposed three for the Premier—all of which were heartily given, and the proceedings terminated.

GEOLOGICAL SURVEY.—The Photographer of the above survey is happy to state that he has been successful in obtaining a large number of Stereoscopic and 8x10 views of Victoria, and grand and bold scenery from Yale to Kamloops and along the North Thompson river to Moose Lake, near the Leather Pass. The Photographs will be published by Wm. Notman, Photographer to the Queen, Montreal, and sent to any address, postage paid. The stereoscopic views at $3 per doz., and the 8x10 at $1 each. I will be in the office of Mr. Watt, Yates street, until the steamer Prince Alfred leaves for San Francisco, which will be about the 7th December, during which time I will be pleased to receive orders from parties desiring views from these negatives. This may be the only chance, so it is not well to delay.—B. F. BALTZLY, for WM. NOTMAN, Montreal. *

LOWER FRASER SCRAPS.—The Hope was frozen in at Harrison Mouth. There is a break in the road at China Bluff; the traffic is much impeded, and the mail coach had to be packed over. Our reports of the fearful weather up country are confirmed, numbers of pack animals and team oxen have died on the road. Stock raisers also suffered severely and many animals will be lost, the supplies of feed not having been sufficiently looked to, with regard to an early winter. The stoppage of river traffic will create great inconvenience at Yale, as stocks of feed and all kinds of goods at that place are low. On the 20th inst. the public school was opened in the Sumass district, with Mr. Alex. Peers as teacher; 10 children were present the first day.

OBITUARY.—C. Anton Schmid a native of Bavaria, a skilful upholsterer, and a good man, for many years in the employ of Mr. J. Weiler of Fort street, died yesterday morning after an illness of several months, at the age of 48. He was a resident in this Province, with but a short intermission since 1862, and was held in high estimation by the german population of the place. Mr. Schmid, was a member of the Odd Fellows association; also a hearty supporter of the German Sing Verein; under the auspices of the latter society the funeral will take place to-day.

PETTY THEFT.—A coat was nipped from the outside of Messrs. Wilson's store, yesterday afternoon. An Indian who had been hanging about the store all the afternoon was suspected by Mr. Wilson, who gave his description to the police, and by nine o'clock they had found him and the coat, and lodged the thief in jail.

The Geological and Railway Surveys.

FAVORABLE ACCOUNTS OF A ROUTE BY THE THOMPSON RIVER.

By the Enterprise which arrived yesterday afternoon, arrived Mr. Selwyn, Mr. Baltzly, Mr. Hammond, and Mr. James Deans, of the Geological Survey. The party have been engaged for the past few months in making a survey of the country as far north as the Leather Pass, and accompanied Mr. McLennan's railway subdivision up the Thompson river. Mr. McLennan himself may be expected down on Saturday, and some of his party are already in New Westminster.

Mr. Mahood, head of the railway subdivision which took in hand the exploration of the route to the Leather Head Pass, by way of the Fraser and Cariboo, had not been met with, although it was expected McLennan's and Mahood's subdivisions would meet and winter together at the Tete Jaune Cache. It is believed, however, he (Mahood) is on his way down the Fraser, and it was thought he had arrived within 15 miles of the Cache.

Mr. Selwyn, Mr. McLennan, Mr. Baltzly, Mr. Hammond and three Indians arrived, on the 21st of October, at a point 8 miles above Moose Lake, the farthest point to which they could proceed, as their provisions were becoming short. Cow Dung Lake is about 8 miles further, and is considered the summit of the Leather Pass.

THE M'LENNAN PARTY.

Mr. McLennan satisfied himself from all he had seen, and from what he could learn from the Indians, that the railway through this Pass is quite feasible. It would require no tunneling nor bridging, and there is an easy grade. A point was attained sufficient to show the altitude of the divide, and altogether, we are informed, Mr. McLennan believes this will be the line for the railway, and no other, and he will report favorably of it to Mr. Fleming, the Chief Engineer. The distance from Cow Dung Lake to Kamloops was estimated at 283 miles.

The first snow was had on the 25th of October, and from that date a depth of from a few inches to several feet was met with from time to time.

No accident of any account occurred to any of the men; but it is feared that out of 150 animals, not more than 50 can be saved; a considerable number are already lost.

John Glassey and a Mexican are in charge of a camp at Clearwater, and would remain during the winter. W. C. Robinson was at Kamloops, waiting orders. Mr. Patterson was also here. Twelve men of the "Q" party—Mr. McLennan's—including Mr. F. W. Green, Mr. Ireland, and Mr. McLennan, jr., C. E's, had gone into winter quarters at Cranberry Lake, 8½ miles south of Canoe river, and near to Albred Lake, a few miles this side of the Rocky Mountains. They have been left plenty of provisions. Work will be resumed as soon, and when the season will allow. The remainder of the party are on the way down. One hundred and fifty miles of road have been cut through the country this season, and follows pretty much the track taken by Lord Milton in '63.

THE MOHUN AND FARWELL PARTY

have gone into winter quarters at La Porte, on the Columbia river, at the mouth of Eagle Pass. They also report favorably with regard to the route for the purposes of a railway.

MR. TRUTCH'S "U" PARTY

was at Kamloops, to which place they had finished their survey from Lytton; they expected to reach Shuswap Lake, 40 miles further on—should the weather permit—when they will return.

MR. HOMFRAY'S PARTY, "F"

had gone into winter quarters at Hope, on the way down from Lytton and Yale. The snow and bad weather was too severe to allow of a further prosecution of the coast survey, this season.

THE REPORTED GOLD DISCOVERY.

Mr. Selwyn found the country, in its mineral aspect, to exceed his expectations There were indications of gold in some sections, but as to gold in paying quantities, he had not had time to satisfy himself. The rumors of rich finds before published in all the local papers, are therefore incorrect. There were some prospects obtained in a stream or two, of rough flat gold, one piece being about the size of a pea, the balance smaller. Some of the streams, it is thought, would pay, and are full of gold-bearing quartz.

MISCELLANEOUS.

The country is covered with the finest of feed, grass up to the horses' bellies; and wild flowers were met with very late in the season for the altitude of the country; in fact the country for grazing purposes, far exceeded expectation. Even in the Tete Jaune Cache valley, it is stated that fine farms might be had; the soil and situation are admirable. Twenty or thirty horses were sent back there to winter, with 15 head of cattle, as the Indians said they would be quite safe to get through.

A good deal of hardship was encountered by Mr. Selwyn's party coming down, with used-up horses, the loss of canoes with supplies, etc., whilst crossing rapids. Two out of four canoes were lost or abandoned. The Thompson commenced to be frozen about three weeks or a month ago, and large quantities of float ice were descending the river, rendering the water very cold. There was also a good deal of rain, as might be expected, for the time of year. The provisions, too, when approaching Clearwater, which is 75 miles above Kamloops, gave out on the last day.

DOWN-COUNTRY NEWS.

At China Bar Bluff the road traffic was interrupted with a break; Gerow & Johnson's stage had to be carried across. The only difficulties to be met with in the route for the building of a railway, are between the 80th mile post and Lytton, and between Boston Bar and Yale. The reports of the scarcity of feed for stock are confirmed; a great many animals have already died from this cause. The farmers on the Lower Fraser have plenty of stuff to spare, but can't get it up, as navigation is stopped for the season. At Cornwall's, ordinary straw feed is selling at three cents per lb.; lower down, it can hardly be purchased for five cents a lb. The Fraser is frozen between Yale and Harrisonmouth; the steamer Hope had got down from Yale as far as the latter place, where she may have to remain for the winter, should the ice not break up before the spring.

To Mr. James Deans, well known for his reliability and integrity, we are indebted for most of the above news.

Mr. Selwyn, Mr. Richardson (recently of the Island coast survey), Mr. Baltzly and Mr. Hammond, who make up the Geological party, will leave for Montreal by the next steamer.

H. M. S. ZEALOUS will sail this morning at 11 o'clock, for the south, calling in at San Francisco, where she may remain for some little time. It is not likely we shall see the noble vessel back in these waters again, but some of the officers expect to have the pleasure at a future day of meeting their friends in Victoria and the Province. It is thought, too, that the Admiral will be entrusted with conducting the formalities attendant upon receiving the disputed islands of San Juan, Lopez, &c., in the Gulf, from the hands of the United States authorities—after that the German Emperor shall have rendered his decision in our favor. Mrs. R. E. Nelson will take passage in the vessel to San Francisco, on her way to England.

THE CORNELIA.—Captain Thain has succeeded in getting the ship Cornelia high enough on the beach at Burrard Inlet to repair her, and will commence the necessary repairs as soon as the weather permits.

SCENE IN A MENAGERIE.—At Emly, Ireland, a short time since, there was a performance in a traveling menagerie owned by a Mr. Whittington. A little boy, son of a publican named Flemming, was playing in company with other children round the cage where some bears were kept. The child having incautiously thrust his hand through the bars of the cage, one of the bears seized it and lacerated it in a frightful manner. The arm, from the elbow had to be amputated, and the doctor gave no hope of the child's recovery. The boy's father, on hearing of the occurrence procured a gun, and proceeded to the menagerie, where he shot a fine bear dead, and caused another to escape. The villagers collected and, becoming enraged, attacked the boxes and caravans of the menagerie, smashing a number of them to pieces. On Friday seven were brought to Tipperary in custody, charged with riot and assaulting the proprietor of the menagerie. A correspondent of the Dublin *Express* says that on the accident to the child becoming known the people collected in large numbers, with stones, empty bottles and sticks, and smashed several of the boxes in which the wild beasts were kept. They then commenced to attack the proprietor, beat him, and blackened his face and eyes. The seven men arrested have been taken before the magistrates and remanded.

A SERIES OF CALAMITIES.—Within the past few months calamities, terrible to life and property, have occurred in various quarters of the globe, and unequalled in number and magnitude in any previous like period. Some of the scourges we have not before heard or read of. We may put the Chicago fire as the greatest; then there were the Wisconsin and Michigan fires, which consumed farms, villages, live stock, and even human beings; next was the destruction of the American whaling fleet; then comes the great damage to property in the Eastern States caused by the late gales; the earthquakes in Chile and Peru, destroying towns; the cholera in Constantinople and other parts of Europe which has already touched this continent; the famine in Persia; the flood in China, whereby 1,000 people were drowned in one province alone; the small-pox on the west coast of Africa, whereby the people were dying at the rate of twenty per cent. The summary is a fearful one to contemplate.

AUCTION TO-DAY.—The great sale of granite ware, brownware, glassware, dinner and breakfast sets, etc., etc., also a couple of carriages, takes place to-day at Davies & Co's auction rooms. One of the largest lot of goods in this line ever offered in this market will be put up this morning commencing at 11. At the same will be sold the new improved lamp known as the Anucepnic, the only lamp that has yet been introduced which will burn paraffin oil or petroleum without a chimney, smoke or smell. "No more breakage of chimneys" Terms of the sale liberal. Catalogues accompany each copy of the STANDARD of this morning.

SHIPWRECK.—By our last night's dispatches we have the intelligence of the total loss of the bark Hattie Bessie, bound from San Francisco for Burrard Inlet, on Cape Flattery. The wreck occurred on the 23rd inst. The Captain found himself on a lee shore, and let go his anchors, but the chains parted and the vessel drifted ashore, striking a rock which cut her in two, when she immediately sank. Two of the crew were injured, and the rest got ashore, where they camped. The Revenue cutter Lincoln has gone to their assistance.

BACHELORS, MAKE A NOTE OF!—In the Truro County Court on Monday, the judge on giving a decision in plaintiff's favor in a case—Hugh Glass v. John Jacob—informed the audience that by rendering a decision in favor of a man who has contracted matrimony since the 9th of August, 1870, is not liable for debts incurred by the wife previous to the marriage. With regard to marriages contracted prior to the 9th of August 1870, such liability still continues.—*Western Weekly News, 14th October.*

THE Enterprise arrived yesterday at 4 p. m. from New Westminster, with twenty passengers, among whom were Mr. Selwyn, Hammond and Baltzly, of the Geological party; also, the Chief Commissioner, Capt. Thain, Grelley, J. Brown, J. Peters, Kirkland and Glover. The Cariboo mail and express came to hand.

POLICE COURT.—But one case yesterday morning that of an assault committed by a Siwash, upon Jenny a maid of beauty. Siwash got three months for his beligerent act, or a compromise by payment of moxtetium pi quinsm dollars into the revenue of the country.

THE California arrived in Portland yesterday, bringing the news of the wreck of the Hattie Besse on the 23d, 20 miles south of Cape Flattery light. The sailing day of the California is not yet announced.

FROM THE INLET.—The Grappler, Captain Devereaux arrived yesterday morning from the Hastings mill Burrard Inlet, with the ship Kitty Coburn in tow.

MISS CARRIE MOORE, the champion skater, has arrived in Portland, and is giving exhibitions of her powers there.

SUSPENDED.—The Pacific Insurance Co., of San Francisco, has suspended.

THE bark Adelaide Cooper arrived down from this port to San Francisco on the 28th.

Vancouver District Election.

VICTORIA, B. C., Nov. 29, 1871.

EDITOR STANDARD,—You observe in your issue of Tuesday last, that you "can't make out on what Mr. Jessop bases his hopes of success" at the forthcoming election.

Being well posted on the subject, I can inform you, that he has received pledges from a majority of voters in every district from Sooke to Comox; men who are able and willing to judge for themselves, and won't be dictated to, as to who is the fit and proper person to represent them at Ottawa, and who think none the less of a man because he will not be the nominee of any clique or party whatever, but holds himself free to originate or support any measure that he considers conducive to the welfare of the Province at large, and to that of his own constituents in particular.

SUBSCRIBER.

[We will believe that Mr. Jessop has a majority of votes, when he is elected. Not before.—ED.]

THE FASHIONS.—Messrs. Turner, Beeton & Tunstall, of London House, received per express yesterday, a large shipment of autumn goods, amongst which are Alexander's gloves, millinery in all the new styles, including the Dolly Varden Hat, the popular novelty in Europe this season; Dolly Varden costumes, Dolly Varden sashes and caps; also choice lace goods, waterproof costumes, &c. *

NO MORE WET FEET.—A. McLean & Co. are now opening their winter stock of Ladies' Gentlemen's and Children's boots; they are made of the very best English leathers; and as their stock is much larger than they have room for, they offer them cheap for cash. *

CARPETS—Real Wilton, Brussels, Tapestry Kidderminster and Felt, a very choice lot, New styles arrived by mountain Ash to-day for Turner, Beeton & Tunstall. *

By Electric Telegraph.

SPECIAL TO THE DAILY STANDARD.

LAST NIGHT'S DESPATCHES.

CALIFORNIA.

SAN FRANCISCO, Nov. 28—The officers of the Pacific Insurance Co. say that, contrary to their expectations, very few of the stockholders have responded. They complain that this is due in great measure to the influence of outsiders, and the enmities and jealousies by competition. Great efforts have been made to scare weak stockholders and prevent their paying assessments. It is due to the Managers to say they do all in their power to carry the institution through, and many of the stockholders have decided to pay their share of losses as soon as the Chicago liabilities are adjusted. The Company has set aside funds to re-insure all policy-holders in any event.

The rumor that the Pacific Insurance Co. has suspended is quite correct.

Arrived—Bark Buena Vista, Port Gamble; bark H. W. Almy, Port Gamble; bark Adelaide Cooper, Victoria; bark Milan, Port Gamble.

Sailed—Schr Loleta, Seattle; bark Wellfoot, Astoria.

SAN FRANCISCO, Nov. 27—Arrived—Bark Mary Glover, Port Discovery.

Sailed—Ship Isaac Jenns, Seabeck.

EUROPE.

LONDON, Nov. 27—The physician in attendance upon the Prince of Wales issued a bulletin this evening, stating that the Prince has been quiet to-day. There is, however, no change in the symptoms of the disease under which he is suffering.

VIENNA, Nov. 27—John Jay, U. S. Minister to Austria, and Count Andeersay, Minister of Foreign Affairs, have signed an International Convention between the United States and Austria, guaranteeing inviolability of trade-marks in the two countries.

ROME, Nov. 27—For the first time since the occupation of Rome, the Italian Parliament met in this city to-day, opening with a speech delivered in person by His Majesty King Victor Emanuel. In commencing, he alluded to the event connected with the occupation of the city, and said quiet was restored. The relations between Italy and all other nations, his Majesty said, are friendly, and, he believed, peaceable. He warned the Parliament that they would be held to a strict account in the future, if they neglected to perfect a thorough organization of the army and navy forces of the kingdom.

BERLIN, Nov. 27—The session of the Diet of the Kingdom of Prussia, was opened by the King in person. The speech from the Throne points to the financial prosperity of the country; proposes a general increase of officers' salaries, and recommends encouragement by the Diet of railway enterprises.

The speech was loudly applauded, and the Emperor was loudly cheered by members of the Diet, on entering and leaving the Chamber.

LONDON, Nov. 27—A collision occurred last night off the Irish coast, between the ships Marmion and Osceola; the latter sank very soon after being struck; several of the crew escaped by jumping on board the Marmion, but nine men are missing. It is hoped they saved themselves in one of the boats.

EASTERN STATES.

WASHINGTON, Nov. 27—Delegate McCormick of Arizona, to-day presented a petition to the President, signed by all classes of citizens of Arizona, asking that the control of the Indians be immediately given to the military authorities. The President took the petition, and said he hoped the recent order by Gen. Schofield would satisfy the people of Arizona that the Government proposed to deal summarily and rigorously with the Apaches, if after duly notifying them to go and remain on a new eastern reservation where they will be held and protected, they continue on the war-path.

Ex-Senator Wade has declined the offer made him by Secretary Fish, as President or umpire of the Commission between England and Liberia. Wade says his position as chief lawyer of the North Pacific Railroad will not permit him to be long enough away. The position which he now fills is one which was offered Minister Schenck prior to his having been appointed to the English mission.

NEW YORK, Nov. 27—Ten new cases and four deaths were reported from small pox this morning.

There were 153 deaths from this disease at Philadelphia, reported there yesterday.

MEXICO.

NEW YORK, Nov. 28—Intelligence is just received from Mexico, which states that the Government troops are nearing Saltillio to raise the siege. Cortes had appropriated the pay of the Government troops himself. The consequence is a revolution and disbanding of the troops, and a general revolution is expected against the Government on the 1st of December.

OREGON.

PORTLAND, Nov. 29—The steamer California, from Bellingham Bay, arrived this morning, bringing intelligence of the total wreck of the bark Hettie Bessie, which went ashore on Cape Flattery, 20 miles south of Tatoosh light, on the 23rd. The Captain found himself on a lee shore, and cast anchor; the chains parted, and the vessel drifted ashore; two men were injured, the balance of the crew were saved. She struck a rock and parted in half, sinking immediately. Nothing saved, but a little provisions. Some of the crew camped on shore.

The revenue cutter Lincoln has gone to the wreck.

The bark was worth forty thousand dollars, and is insured for fifteen thousand dollars in a San Francisco company.

The steamer California, which was advertised to leave yesterday for Sound ports, arrived this morning; sailing day not announced.

The steamer Wright is advertised for San Juan and Sitka, to sail on Friday, the first of December.

Miss Carrie Moore, the champion skatist and velocipedist, arrived yesterday, and will give an exhibition to-morrow night.

John Foster, the seducer, has been sentenced to three years in the State prison.

It snowed very hard yesterday and previous evening, but is now clear and pleasant.

DR. CHING FUN—A CARD—EDITOR STANDARD:—Through the medium of your paper I want to state to the very great good that has been done me by Dr. Ching Fun of this city, next door Kwong Lee & Co. For 24 years I suffered with neuralgia on the brain, which baffled the skull of three first-class American physicians. Latterly bronchitis attacked my right lung, and my eye became awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit and find relief. Respectfully,

JOHN HORTON, of Kentucky, U. S.

Victoria, 23d Sept. 1870. no23

A COURT OF ASSIZE AND GENERAL Gaol Delivery is appointed to be held on Thursday, 7th day of December proximo, at the Court House, Victoria, at the hour of 10 A. M. in the forenoon, before the Hon. Mether Baillie Begbie and the Hon. Henry Pering Pellew Crease, Justices of Our Lady the Queen, assigned to enquire, hear and determine all treasons, misprisions of treasons, felonies, misdeeds, offences and injuries, whatsoever and who-resoever within the said island committed, and also to deliver all the gaols and every the Gaol of Our Lady the Queen in the said island.

Proclamation is therefore hereby made in conformity to a precept directed and delivered to me, to all persons bound to appear at the said Court by recognizance or otherwise, to appear thereat, and all Justices of the Peace, Coroners, and other officers who have taken any inquisition, or the examination of any person or witnesses, are required to return such recognizance, quisition and examination to the said Court, at the sitting thereof, on the first day of its sitting.

Given under my hand at the Sheriff's Office Victoria, on the 7th day of Nov., A. D., 1871.
